

PORTABLE CHECKERS, THERMOCOUPLE SIMULATORS

A range of battery portable simulators housed in a plastic case, about the size of a personal pager, for Type 'K', 'R', 'S' & mA.

Low battery voltage indication LED.

Four preset temperatures per unit, push button selection and LED indication.

1. 0, 100, 500 & 1000 deg. C for Type 'K'
(32, 212, 932 & 1832 deg. F)
2. 0, 600, 1100 & 1250 deg. C for Type 'K'
(32, 1112, 2012 & 2282 deg. F)
3. 0, 1300, 1500 & 1700 deg. C for Type 'R'
(32, 2372, 2732 & 3092 deg. F)
4. 0, 1300, 1500 & 1700 deg. C for Type 'S'
(32, 2372, 2732 & 3092 deg. F)
5. Current 4, 12 & 20 mA

ON/OFF slide switch

A range of compensated connectors and leads with plug, available, to match various makes and type of plug-in thermocouples.
